## Zoom whitening at The Welbeck Clinic

Before

After

▶ We sent **new!** writer Jenny Cole to The Welbeck Clinic in London to brighten up her teeth before her wedding. She said, "I thought it would be a quick appointment, but they were very thorough! I had a consultation first, before being fitted for teeth moulds with whitening solution, which I used for four days at home before my laser treatment. The clinic felt like a beauty salon rather than a dentist but, as I have sensitive teeth, it was quite painful. However, the pain did subside, and it was all worth it as I'm thrilled with my sparkling new teeth." Whitening starts from £545, and they also specialise in veneers.
